

All Island Equity MIC – Mortgage Underwriting and Pricing Guidelines

The following guidelines are to be used as an outline of the AIE MIC lending program. All loans will be underwritten and priced with the following metrics in mind:

- *Capital preservation*
- *Clear exit strategy*
- *Quality collateral*
- *Capacity to service debt*
- *Pricing reflects the situation*

Lending Areas: Vancouver Island (all), Kelowna, Penticton. Secondary markets include Lower Mainland, Fraser Valley, select Interior BC locations, Sunshine Coast, Powell River

Lending Limits: Loan amounts from \$50,000 up to \$4M

Credit Requirements: Full credit application/net worth statement and recent credit report with loan request submission. Net worth should support reasonable liquidity for the loan type and lending situation. No minimum credit requirement however derogatory mortgage history is not generally permitted.

Lending Loan-to-Value, Location and Pricing Model: The following table provides suggested LTV and pricing for the three primary lending categories. Loans are priced based on overall risk and on a deal-by-deal basis.
